

*Christmas Couture Glass*

Ludell ama e celebra il Natale in tutte le sue forme.

Da questa esigenza nasce Christmas Couture Glass: una sofisticata linea di decori in vetro soffiato, tra cui le fedeli riproduzioni in miniatura della collezione Christmas Couture.

Tutto è trattato con la massima attenzione.

Le proporzioni, i colori e le trame dei tessuti, le espressioni del viso, gli accessori... tutto è riprodotto meticolosamente da artigiani Polacchi e Italiani in bellissimi ornamenti soffiati a bocca e decorati interamente a mano sotto la nostra maniacale supervisione, dalla scultura alla decorazione. Preziosi capolavori che arricchiscono ogni ambiente nei giorni di festa, da collezionare e custodire gelosamente nel tempo.

Ludell loves and celebrate Christmas in all its forms.

From this need Christmas Couture Glass is born: a sophisticated line of glass ornaments, including faithful reproductions of the Christmas Couture collection Santas.

Everyting is treated very carefully.

Proportions, textile waves and colors, facial expressions, accessories... everything is meticulously reproduced by Polish and Italian artisans in wonderful mouth-blown ornaments entirely decorated by hand under our maniacal supervision, from the sculpture to the decoration. Precious masterpieces that enrich any location during Holidays, to collect and take care of.
